

2018 Joint CPA FMI Professional Development Workshop May 15 and 16

The Victoria chapters of the Chartered Professional Accountants and the Financial Management Institute invite you to the 18th annual Joint Professional Development Workshop. This year's theme is Hot Topics and Trends in the Public Sector. Topics for presentation and discussion include fiscal planning, debt management, fraud and risk management, financial management, artificial intelligence and robotic process automation in finance, how to build a Ministry and much more! Plus sessions on diversity, ethics and finance career paths in the BC Public Sector along with everyone's favorite, accounting update!!

Advance registration is required for this workshop (closes May 11, 2018).

***To register, please visit <https://www.fmi-igf.ca>. ***
